### 24/04 – Guest lecture by [REDACTED]

- On the 24th of April [REDACTED] will give a guest lecture at Lipsius in room 0.30. [REDACTED] expression on social media show a rather extreme point of view, just last week he posted on X: *'Fuck Israël. En fuck iedereen die dit normaliseert. De enige oplossing is complete ontmanteling.'* When a student at [REDACTED] criticized him he responded aggressively: *'Another example of genocide-supporters who care more about language than about the massacre on Palestinians. A state that is out to steal land and is an apartheid state, ethnically cleansing and committing genocide on a people should be dismantled. I don't know how that's controversial.'*
- His activism has been noticed by the Police who arrested him in December on suspicion of public violence against property. This after an incident in which activists tried to occupy theaterzaal C on campus. According to students there is a continuous series of incidents, causing them to feel unsafe in the presence of this professor

[REDACTED] · Apr 4

There will come a day when those who allowed a population to be locked in a cage, starved, and bombed day after day for 17 months will face justice and reckoning. We must devote all of our efforts to make it so.
