**Confirmation of Donation 2018**

Dear Professor Stolker,

On behalf of Aramco, I would like to thank you for your collaboration with the company over recent years. As we grow in the global arena we become more interconnected with societies across the world, while enabling opportunity through our business endeavours and Citizenship activities.

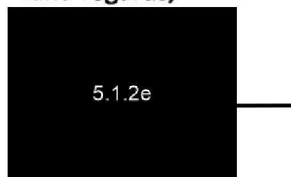

The education of over 100,000 young people and 50,000 educators has been supported through our European program in 2016-17, with the support of our partners. This has contributed to building a knowledge society as well as protecting and preserving the natural environment and ecosystem across the globe.

It gives me great pleasure to inform you that Aramco's Donation Committee will continue supporting the "Unveiling the Arab Cosmopolitan World" with a donation of USD 5.1.2b, 5.1.2f

Our 5.1.2e will be in touch to take the process forward. Alternatively, she may be contacted at 5.1.2e aramcouk.com or 5.1.2e

We look forward to working and collaborating with you on this programme.

Kind regards,

Aramco Overseas Company
