Dear 5.1.2e

We are really grateful for all the reservations that have already been made by you and the organization; it really is a blessing and means a lot to us. We will pay for the accommodations when we arrive at them. We will also pay for the stay with the host families when we do the excursion to Casablanca. It is really good that you mentioned the hike; we will keep this in mind.

The people in the group that will stay at the host will arrive at the airport at 14.30, and we will fix the transportation to the train station ourselves. I will send 5.1.2e a message, and we will keep in touch. For the dinner preferences, there is someone who is vegetarian and someone who has a cashew and pistachio allergy. Thank you for everything. I hope to see you soon!

With kind regards,

5.1.2e

Dear 5.1.2e

I forgot (again ☹ ) to mention in my previous email that it will be challenging for 5.1.2e to get to their host families as they are situated in the Bouqroun neighborhood of the old medina in Rabat. Therefore, I suggest that we establish a meeting point and time with my colleague 5.1.2e upon everyone's arrival in Rabat, preferably at Rabat Ville railway station.

If this works for you, then I will need their arrival details.

(To get in touch with 5.1.2e here is his phone number: +212 5.1.2e

Best,

5.1.2e

Dear 5.1.2e

330240ervations have been made successfully, and you can pay directly for your accommodations once you check in. In regar0023

the host families, we (NIMAR) typically pay them cash directly, 200 dhs per student and per night. Therefore, you can pay us back when you arrive in Rabat or when you go on the Casablanca excursion (anyway, we can make arrangements for the reimbursement afterwards).

I will get back to you with more details about the transportation to clarify who will be responsible for covering the associated fees. (which has also been arranged).

Finally, I wanted to share a crucial piece of information: the minibus cannot navigate the rugged road to reach La Gite de la Grande Berce, necessitating a drop-off point. Consequently, it'll take a one-hour walk to reach your destination. So, I advise you to have easy-to-carry luggage, such as backpacks.

They're inquiring about your dinner preferences, (which are included added to the breakfast). Would you prefer a specific type of tagine or couscous? Please inform me of your desired dish.

All the best,

5.1.2e

Dear 5.1.2e

The hotels look really good, and we confirm them. It would be really great if you could book them. I just have a question: can we transfer you the money or can we pay them ourselves when we arrive? I have the same question about the stay at the families in Medina and if we can get the addresses so that we can organize the transportation ourselves to the families.

5.1.2e called today about the transportation with the bus to the south. We anticipated Nimar to provide this, but we are aware that this may not be possible. Thank you for everything and for helping us out. It really means a lot to us, and it's highly anticipated.

With kind regards,

5.1.2e

Dear 5.1.2e

Added to my question in my previous email, I would like your confirmation regarding the accommodations:

Your stay on February 23 at Tahanaout Multiservices will cost 1600 dhs (150 euros).

And on February 24 at Gite La Grande Berce will cost 2700 dhs (259 euros).

I am counting 12 people in total; correct me if I am wrong, and please let me know if I should proceed with the bookings (transport and accommodations).

Best,

5.1.2e

Dear 5.1.2e

I would like to inform you that I am already working on the accommodation's reservation. Though, as I should have mentioned in my earlier email, the transportation and tour in Marrakech (February 23–25) will cost 9600 dirhams (more or less 900 euros) with our regular supplier. Should I make the reservation?

All the best,

5.1.2e

Dear 5.1.2e

For the stay in Tahanaout, multiservice (hotel café, restaurant, swimming pool) seems like the best option. We also replied to the mail about the planning for the 21st of February, and I have good hope that everything will proceed well. For the transport to the host families and accommodations themselves, we are planning to manage these arrangements independently, but I still really want to thank you for the offer. I hope this email delivers some clarification; if there are any questions left, please feel free to ask.

With kind regards,

5.1.2e

Dear 5.1.2e

I will talk with 5.1.2e to discuss the financial aspects and payment methods, and I'll update you afterward.

The host families have been notified about the students joining them; the family is now informed of 5.1.2e change.

Regarding accommodations in Tahanaout, I'm awaiting your preferences from the three options 5.1.2e provided so that I can proceed with making reservations: Tahanaout multiservices, Hotel Nzaha Tahanaout or Centre d'estivage des oeuvres sociales regie tabac.

I would appreciate clarification on whether participants prefer a minibus for airport transfers to their host families and accommodations, and if they also require one for transportation to ENAR, or if they plan to manage these arrangements independently.

All the best,

5.1.2e

Subject: Re: Fw: Contact information

Dear 5.1.2e

My sincerest apologies for the late reply; we switched our email workspace, which led to not receiving emails without our notice. We really appreciate all the efforts put in from Nimar and are thankful for the help with planning and budgeting. You could address me for all the details. If you send me a list with all the questions that need to be answered, I will get back to it as fast as possible.

I still have a few questions that I hope to get answers to. The first one is: can we already get in contact with accommodations from the list, reserve, and pay them, or is this something that we have to wait for and transfer the money to Nimar? If there is something that we already can do, let us know; we really want to help out where we can.

The second question has to do with someone in our group. 5.1.2e learned that a two-week trip conflicts with her ongoing courses. However, she will be in Rabat a week earlier due to a workshop with BC-architects. This means that she wouldn't be able to join us and make use of the accommodation with the family in the medina. On the other hand, another team member who couldn't join now has the opportunity. Could we replace 5.1.2e name with 5.1.2e so that 5.1.2e can stay at the place reserved for 5.1.2e

For the rest of the people, the contractor that finances the build of the school has provided his private property as accommodation.

I want to thank you again for everything you and the team Nimar are doing. You can send me all the questions that need to be answered, and I will get back to you as soon as possible.

With kind regards,

5.1.2e

Dear all,

To assist 5.1.2e in creating a budget estimate, who has already shared a clear and helpful programme with us, I need additional details from DELFT participants. I'm aware that 4 out of 10 students are staying with host families, but where are the others staying? (I read that they will land at Rabat airport, but when are they arriving?....) I prefer not to trouble you with the minor details, so who do you think I should address these queries with to finalise the budget?

Thank you in advance.

Kind regards,

5.1.2e
