Dear Leon, dear 5.1.2e

Please find attached a full program of the trip to the Netherlands. The detailed program of the colloque I will hope to have by Monday/Tuesday the latest (there are still some workshop descriptions missing).

I am sending this program to our Moroccan participants as well.

Luckily, most of our Moroccan participants have been contacted by the convenors. We may need to move the former biodiversity participants to other workshops, especially if they are now left out completely (I think that is the case for 5.1.2e but I will solve that issue after the weekend.

Warmly,

5.1.2e
