Subject: Closure event and Visit 5.1.2e [redacted] and colleagues
Received: Thur 11/14/2024 7:00:00 AM

Hi 5.1.2e [redacted] Léon,

As the pilot project is slowly reaching its final weeks I was thinking it would be really nice to have a closure event at Nimar. This could be an Issues Based Arts Education seminar for example on Monday December 2nd in the evening. 5.1.2e [redacted] could give a talk followed by a presentation from 5.1.2e [redacted] and then f.e. informal drinks afterwards?

Of course, this is easy for me to say as I am not the one to arrange this, but could you let me know if such an event could at all be possible? What are your ideas on this? We could invite multiple (potential) partners like the teachers from the school we've been working with, Fundacion Hiba, 5.1.2e [redacted], leCube, Minority Globe 5.1.2e [redacted] and ISADAC to name a few. Let me know your thoughts as this is just me thinking out loud and being very enthusiastic.

Additionally, 5.1.2e [redacted] will visit Rabat along with two colleagues from the Theatre and Dance department; 5.1.2e [redacted]. They are very interested in Nimar and would love to meet. I am also hoping to arrange a meeting for them with 5.1.2e [redacted] from ISADAC.

I know this is all a bit short notice so please reach out to me and I will respond as soon as I am able to.

All the best,
5.1.2e [redacted]
