Subject: Architectural Recovery Team - Workshop in Morocco

Dear Léon,

I hope this email finds you well. Following our recent conversation regarding the students' initiative for Architectural Recovery post-earthquakes, they're keen on organizing a workshop in Morocco (maybe during the February break).

Could arrange a brief meeting in the coming weeks to plan and discuss next steps? What's your availability like for next week? The students have an event on November 20th, where they can provide updates based on our conversation.

I've cc'd a number of the group members, who can provide more details about their work and recent activities.

Thanks again for your time and interest. Looking froward to meeting online soon.

Best Regards,
